More Diet Ideas (page 2):

- **Eat only half (1/2)** of the meat that you would usually eat.
- **Drink only half (1/2)** of what you would usually drink. Even limit foods high in water like cooked cereal/pastas, fruits, vegetables, gelatin, ice cream, sherbet, ice.
- **Plan to have only salt-free foods!**
- **Avoid all high-potassium foods.** Some of these are milk (all kinds), beans (all kinds), nuts (all kinds), bananas, potatoes (French fries, baked potatoes, yams), oranges & orange juice, prunes, spinach, avocado and substitute salt.
Keep a list from your dialysis dietitian in your emergency box.
- **If you have diabetes, plan for ways to treat low blood sugar.**

No Electricity? Food in the refrigerator will stay fresh for a few days.
Open the refrigerator as little as possible to keep foods cold.

Use foods from your refrigerator first!

Y is for **YOU!** Make a plan with your family, friends & neighbors to stay safe.  Write down things to do & things to remember:

A few key parts of the plan:

1. Establish a reunion location close to home—easy to remember and easy for everyone to find.
2. Establish a reunion location further away from home in case you can't return to your neighborhood.
3. Take time to plan now! You'll be glad you did.

Are You “R.E.A.D.Y.”?

Things to Remember:

- Put on your purple fanny pack
- Put on your purple wrist band
- Take your medications
- Make sure the records from your clinic are in the fanny pack
